--------------	----------

unleash *Create better line breaks*

---

### Description

Currently `unleash()` only adds line breaks after sentences. For better results, you should also add line breaks after long sentence parts, manually.

### Usage

```
unleash(path, new_path = path)
```

### Arguments

<code>path</code>	Path to the Markdown file
<code>new_path</code>	Path where to save the new file

### Value

Path to the new file (invisibly)

### Examples

```
markdown_file <- system.file("example.md", package = "aeolus")
readLines(markdown_file)
unleash(markdown_file)
readLines(markdown_file)
```

---

`use_sentence_linebreaks`  
*Set Visual editor's Markdown wrapping option to "Sentence" (RStudio IDE).*

---

### Description

Set Visual editor's Markdown wrapping option to "Sentence" (RStudio IDE).

### Usage

```
use_sentence_linebreaks(scope = c("user", "project"))
```

### Arguments

<code>scope</code>	Edit globally for the current <i>user</i> , or locally for the current <i>project</i> .
--------------------	---

### Value

Nothing, used for its side-effects.
